

How You Can Support Immigrants During the COVID-19 Crisis

Hold a donation drive for critical supplies

Canal Alliance is currently seeking donations of certain items that are in high demand in the Canal community during the crisis. This is a great opportunity to rally your group around a cause! We are accepting a minimum of 200 of each of the items below:

- Masks
- Hand sanitizer
- Gloves
- Diapers
- Formula
- Re-usable cloth grocery bags (new)
- Packs of toilet paper

If you have any questions about donating items or holding a donation drive, please contact Emily Maloney at emilym@canalalliance.org.

Donate to the Client Support Fund

Donations to the Client Support Fund allow Canal Alliance to provide direct financial assistance to immigrant families. That means that families have the resources to meet their unique needs, such as paying for rent and bills or buying groceries, medicine, or diapers. Donations can be made at donate.canalalliance.org/covid.

Share information about the Client Support Fund with your friends, family, and colleagues

When you tell your contacts about the Client Support Fund, you not only help raise money to support immigrant families, but you also inform people about the particular challenges that immigrants are facing during this crisis. Learn how you can spread the word at <https://bit.ly/2LmkbXc>.

Create a fundraiser for the Client Support Fund

A great option for individuals or groups! Create a fundraiser for the Client Support Fund and ask people in your network to contribute to help support immigrant families. Set a goal to inspire people to help you reach a certain number of donations. Fundraisers can easily be created on Facebook (learn more at <https://bit.ly/2W0AlxE>) or through Classy, our online donation platform (learn more at <https://bit.ly/2xTSj9z>).
